# ARCHITECTURAL SAVANNAH

The daily, standard tour is presented as a narrative timeline starting with the oldest buildings and going through the major eras and style changes to end in present day.

A variety of building types are examined including homes, public buildings, and commercial structures. We discuss the reasons people used various materials and building techniques, what they were trying to convey by choosing specific styles and how all of this fits into the context of Savannah's urban design.

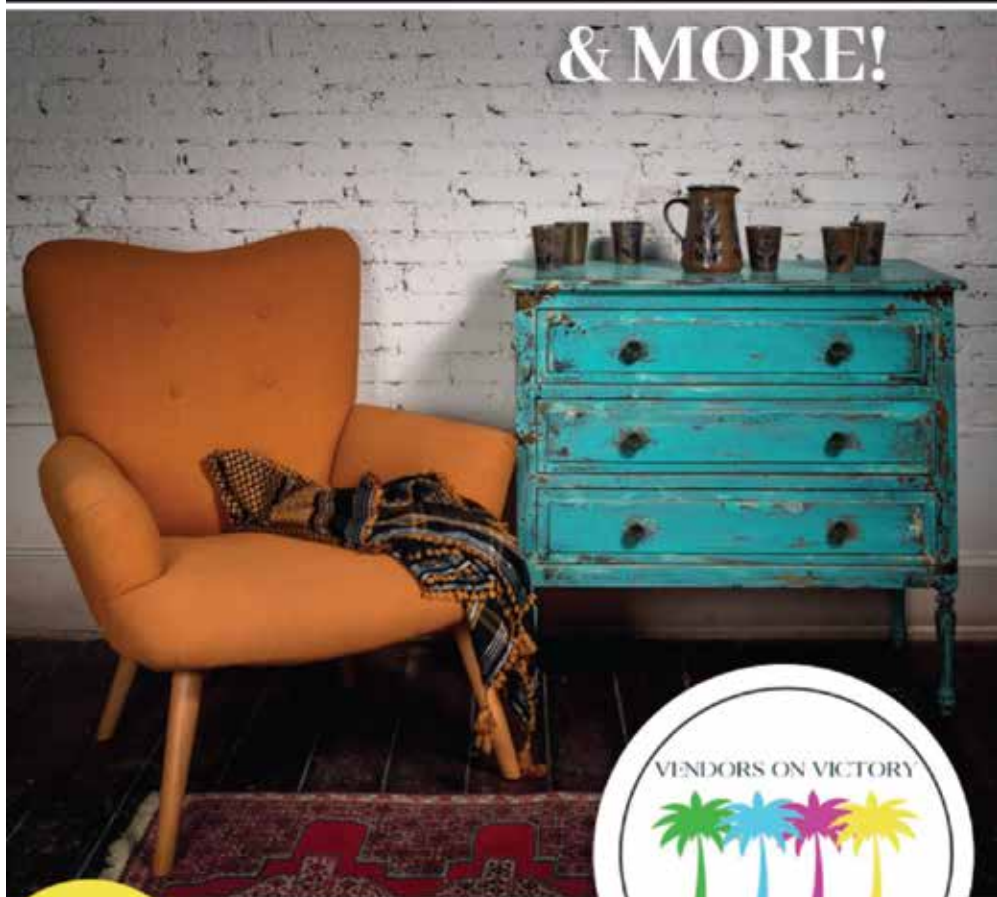

- Standard tour fee - \$40 per person
- Standard tours run once a day, usually at 10 am.
- Tours are typically a 90 minute walk, but occasionally run longer.
- Reservations are required - times and location may vary

For Reservations Call or Text: 912-604-6354
